PROFILE

Creative and forward-thinking Full Stack Developer, with a desire to learn and constantly improve my skills. Innovative problem-solver, always exceeding expectations.

EMPLOYMENT HISTORY

Full Stack Developer Traineeship, IT Career Switch

Apr 2022 — Present

Currently enrolled in IT Career Switch's Full-Stack Developer Traineeship, where I have completed Codecademy's Full-Stack career path, along with several projects. Languages studied include:

HTML / CSS, Java Script, PHP, SQL, C#, + many more.

Freelance Website Designer

Dec 2020 — Present

Creating and designing website packages for business, including logo design, along with building their website through a website-builder of their choice, in conjunction with custom HTML, CSS & Java Script.

Social Media Representative, The Hut Group

Sep 2021 — Dec 2022

Provided a high level of customer service. Completed important data protection procedures, whilst still providing fast and concise customer service.

Case Manager, Ford Motor Company

Mar 2021 — Jul 2021

Answered customer queries via telephone, email, live chat & social media. Provided prompt support, and resolved customer complaints exceeding expectations to retain a great customer relationship.

EDUCATION

BSc Hons. Psychology, University of Liverpool

Sep 2016 — Dec 2019

BTEC Extended Diploma in Health & Social Care, Banbury & Bicester College

Sep 2014 — Jun 2016

11 GCSE's A* - C, Magdalen College School

Sep 2009 — Jun 2014
